

On Monday, June 1, at 8:30 P.M., the School Department of the Master Institute of United Arts is giving its Annual Closing Event - "Spring Fantasy" - a ballet performance under the direction of Mikhail Mordkin, head of our Ballet Department.

This performance is being given for the benefit of the Educational Fund of our School, and we enclose herewith the announcement of it, from which you can see what a fine program will be presented.

Knowing of your interest in all matters pertaining to Art and Culture, and deeply valuing the whole-hearted cooperation which you have given us in the past, we appeal to you again at present, asking you to come to this performance and thus help towards the maintenance of our educational and cultural activities.

This year we have again given a large number of scholarships to worthy young students, whose talents merit their receiving a thorough art education, but who could not afford it if we would not come to their assistance by granting them scholarships. Unless our friends, among whom we are happy to count you, will help us toward the raising of a needed sum for our Educational Fund, this very important activity of our School will suffer very seriously.

We are therefore enclosing two tickets with the hope that you will be able to come to this very fine Ballet Performance.

Anticipating the pleasure of your reply, and thanking you for all your generous cooperation in the past, I remain, with deep appreciation,

Most cordially yours,

*Sina Lichtmann*
